Boeing 747-100/-200/-300/-400 Freighters General Arrangement

The Boeing 747 is an American wide-body commercial jet airliner and cargo aircraft, often referred to by its original nickname, "Jumbo Jet". Its distinctive hump upper deck along the forward part of the aircraft has made it one of the most recognizable aircraft, and it was the first wide-body airplane produced. Manufactured by Boeing's Commercial Airplane unit in the United States, the 747 was ...

Le Boeing 747 est un avion de ligne à réaction américain à fuselage large construit depuis 1969 par Boeing, souvent désigné par son surnom, Jumbo Jet ou Reine des Ciel. Sa « bosse » caractéristique à l'avant du fuselage fait du 747 un appareil particulièrement reconnaissable. Le 747 est également le premier avion de ligne à fuselage large produit.
