Franz Boas was born in Minden, Westphalia, the son of Sophie Meyer and Meier Boas. Although his grandparents were observant Jews, his parents embraced Enlightenment values, including their assimilation into modern German society. Boas's parents were educated, well-to-do, and liberal; they did not like dogma of any kind. Due to this, Boas was granted the independence to think for himself and ...

Biodiversity is not evenly distributed, rather it varies greatly across the globe as well as within regions. Among other factors, the diversity of all living things depends on temperature, precipitation, altitude, soils, geography and the presence of other species. The study of the spatial distribution of organisms, species and ecosystems, is the science of biogeography.
