Preamble Ethical background All human interaction, including the interaction involved in human research, has ethical dimensions. However, 'ethical conduct' is more than simply doing the right thing. It involves acting in the right spirit, out of an abiding respect and concern for one's fellow creatures.

Almost half the world — over three billion people — live on less than \$2.50 a day. At least 80% of humanity lives on less than \$10 a day. Source 1. More than 80 percent of the world's population lives in countries where income differentials are widening.

### **Poverty Facts and Stats — Global Issues**

The Birth of Probability and Statistics The original idea of "statistics" was the collection of information about and for the "state". The word statistics derives directly, not from any classical Greek or Latin roots, but from the Italian word for state.. The birth of statistics occurred in mid-17 th century. A commoner, named John Graunt, who was a native of London, began reviewing a weekly ...
