"The POGIL Project is not about egos and CVs, but about putting the students first and providing teachers with tools to optimize learning." —Shawn Simonson, Boise State University

POGIL | Home

Educational assessment is the systematic process of documenting and using empirical data on the knowledge, skill, attitudes, and beliefs to refine programs and improve student learning. Assessment data can be obtained from directly examining student work to assess the achievement of learning outcomes or can be based on data from which one can make inferences about learning.
