Research shows that effective school leaders focus on improving classroom instruction, not just managerial tasks. A natural way for school leaders to take on the role of instructional leader is to serve as a "chief" coach for teachers by designing and supporting strong classroom level instructional coaching.

NEA - Effective Practices in Closing Achievement Gaps

Formative assessment, including diagnostic testing, is a range of formal and informal assessment procedures conducted by teachers during the learning process in order to modify teaching and learning activities to improve student attainment. It typically involves qualitative feedback (rather than scores) for both student and teacher that focuses on the details of content and performance.
